

Dear Military Family,

First, we would like to welcome you to the Marine Corps Recruit Depot (MCRD) in San Diego, California! While our Depot may seem smaller than the average base, we also serve families in the Western Recruiting Region (WRR). We, Ashley Flores and Stacey Hendricks, are the Installation School Liaisons, and we are here to promote awareness of the unique educational needs of our military connected children in order to facilitate successful school transitions. The military life can be challenging, but navigating your child's education should not. Connect with us to meet your PreK-12 educational needs and ensure your child's school transition is a success!

As your School Liaisons, we can help you with: school relocation/transition assistance, school selection, information on area schools, homeschool regulations and resources, communicating with school personnel, awareness of IEP/504 and other special education processes, post-secondary preparation, and much more!

Whether you are transitioning in or out of the San Diego area or you are within the Western Recruiting Region, let us be your first stop for your PreK-12 support. Even if you cannot make it into the office, this does not mean that we cannot help! There are many ways that we can still support you because our priority is your family. Our goal is to foster academic success between families, commanders, communities, and schools so that you and your child's transition will be as smooth as possible. We look forward to working with you! Please check out our website for additional information and resources!

Best Regards,

Ashley & Stacey
