

## **Marine Corps Specimen Submissions for Steroid Testing**

All Marine Corps commands will forward specimens for steroid testing to Navy Drug Screening Laboratory, San Diego.

Navy Drug Screening Laboratory  
34425 Farenholt Ave  
Suite 40  
San Diego, CA 92134-7040

All Marine Corps commands must request authorization for steroid testing from HQMC Substance Abuse Section.  
(see POC information below)

Request must be on command letterhead and should be included with the submitted specimen(s).

Specimens submitted for steroid analysis will not be tested for the standard DoD drug test panel unless specifically requested by the submitting command.

A minimum of 60 ml must be submitted for steroid testing. A minimum of 75 ml must be submitted if the command also requests the standard DoD test panel.

NDSL San Diego will forward specimens to the Sports Medicine Research & Testing Laboratory (SMRTL) in Salt Lake City, Utah for steroid testing.

Upon completion of testing, SMRTL will send the steroid drug test results to NDSL San Diego who will transmit it to the Marine Corps POC (see below) via encrypted email (PKI).
